Permit Status

IMAT submitted an application for permit renewal to Ecology on January 11, 2007, and Ecology accepted it on January 29, 2007. The permit was issued on December 31, 2008, with the effective date of February 1, 2009, and expiration date of June 30, 2013.

Permit Modification

The permit's special condition S3.A. requires IMAT to submit monitoring results monthly. On March 25, IMAT requested to change the submittal frequency of the monitoring results to quarterly. Ecology concurs with the request and modifies the permit accordingly. Sampling frequency does not change.
